3. General information about ETTTC and related events

Cristiana Bolchini reported on DATE T Track:

- Reorganized topics:
 - DT5: Design and Test for Analog and Mixed-Signal Circuits (10 -> 22)
- Restructured topics:
 - T2: Test Generation, Test Architectures, Design for Test, and Diagnosis (11 -> 21)
- New topics:
 - T3: Microarchitecture-Level Dependability (-> 13)
 - T4: System-Level Dependability (-> 23)
- Globally the number of submission increased -> good point
- Hans-Joachim suggest to slightly modify the T4 topic as System-Level Test and Dependability in order to attract system-level test people
- DATE 2020: General Chair: Giorgio Di Natale, Program Chair: Cristiana Bolchini, Test Track Chair: Jaume Abella
- For the 2020 edition, the TPC meeting is scheduled on October 29th and it will not be in conflict with ITC

Mehdi and Sybille reported on ETS and TSS

- Number of submissions increased compared to previous edition
- acceptance rate about 24%
- new initiate: embedded workshops paper
- TSS will have a sponsor allowing to have a competitive registration fee

Alberto reported about DDECS

- It will be in Cluj-Napoca, Liviu Miclea is the General Chair
- The number of submissions was in line with previous edition (around 60 papers): acceptance rate about 25%
- unfortunately DDECS is scheduled in the same week than VTS. Try to avoid this for the next editions
- technical program is online

Stefano reported about:

- VTS: increase of the number os submissions

Yervant reported about FEDFRO and ITC

Ilia Reported about a cross-layer reliability workshop and about the german test workshop

Ioana reported about DTIS
